HAIR
RENEWER

This standard article is compounded with the greatest care.

Its effects are as wonderful and as satisfactory as ever.

It restores gray or faded hair to its youthful color.

It removes all eruptions, itching and dandruff. It gives the head a cooling, soothing sensation of great comfort, and the scalp by its use becomes white and clean.

By its tonic properties it restores the capillary glands to their normal vigor, preventing baldness, and making the hair grow thick and strong.

As a dressing, nothing has been found so effectual or desirable.

A. H. Hayes, M. D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the Best Preparation for its intended purposes."

Price, One Dollar.

Buckingham's Dye FOR THE WHISKERS.

This elegant preparation may be relied on to change the color of the beard from gray or any other undesirable shade, to brown or black, at discretion. It is easily applied, being in one preparation, and quickly and effectually produces a permanent color, which will neither rub nor wash off.

The party of Democrats and Laborites, who went to Clinton yesterday to arrange a slate for the campaign, have returned, and its several members are exceedingly absent, about what was done in the way of "setting up the torapins." The best information we can get up to the effect that no conclusion was arrived at, and that the remnants of the once proud Democracy are still徜anting around in the same sea of uncertainty and doubt which they have been vainly endeavoring to navigate for the last fourteen years.

The Southern Illinois M. E. Conference, at its recent session, came down on the tobacco chewers like a wolf upon a sheep fold. It declared that "no person will hereafter be admitted to the ministry who is addicted to the use of tobacco, and no minister who now uses it will be ordained deacon or elder unless he first quits the habit and pledges himself to abstain in the future."

The press of the North, since the insurrection at New Orleans, have said some pretty hard things of the conduct of the Western Union Telegraph Company before and during the rebellion, claiming, and with some show of reason, that the wires were manipulated in the interest of the rebel faction and against that of the northern papers that are opposed to the White League. President Orton has denied the charges in a card to the associated press. The Chicago *Inter-Ocean*, however, and one or two other papers that have suffered the most from the irregularity of the transmission of specials seem disposed to doubt the statements made by him, and assert that New Orleans office was in the service of the Penn faction.

THE young married men of San Francisco have set an example which will probably be followed without delay. It is a protective measure, and thus appeals directly to a paternal government. It is no less than a scheme recently formed at Baton Rouge, known under the general term of the Conservative party, shall carry out their part of the agreement. W. P. KELLOGG, Governor

GOV. KELLOGG has made a statement to the county at large of his administration of affairs in the State of Louisiana, dwelling particularly upon the events of the past few weeks. He makes clear some things that have been misunderstood, but leaves some other things in doubt.

Dr. SCHROEDER, a leading German citizen of Bloomington, is a card in the *Pantograph*, states, for the German citizens of McLean county, that they will support the Republi-
